

1 COOPERATIVE INSURANCE SYSTEM OF THE PHILIPPINES  
LIFE AND GENERAL INSURANCE

---

*Co-operative Profile*

# ABOUT US

Established on January 25, 1974, the Cooperative Insurance System of the Philippines (CISP), is the FIRST and duly licensed insurance cooperative operating nationwide. It was primarily organized by the *Samahang Nayons* to provide life insurance protection to Filipinos, particularly farmers and workers, members of cooperatives, labor unions, and coop-oriented groups and organizations not covered by formal insurance. Shortly after, its existence was legalized by its initial registration with the Department of Local Government and Community Development, under Presidential Decree 175, on April 8, 1974, having an initial authorized capital stock of Php30 million. It is also one of the primary movers of microinsurance in the Philippines.

In 2018, the Insurance Commission (IC) has issued to CISP its Certificate of Authority to operate as Life and Non-Life Insurance Cooperative. CISP has further been authorized by IC and CDA to amend its name to 1 COOPERATIVE INSURANCE SYSTEM OF THE PHILIPPINES LIFE AND GENERAL INSURANCE (1CISP). Operating nationwide with nineteen (19) area offices and two (2) branches today, 1CISP has now grown its community by having 4,451 cooperative members. As of September 2022, it insures over 1.2 million individuals and holds a current assets of Php3.7billion.

For 1CISP, the entire cooperative community is a close-knit family, where the welfare of every individual member comes first.

True to its mantra, 1CISP is Protecting you like Family.
